LEADERSHIP

LT COL JITENDER YADAV

Founder & Chairman - Pragati Group

Being from a defence background, Col. started his entrepreneurial journey in the late 90s, embarking with a vision to create a benchmark in the warehousing industry of India which has now culminated in the formation of Pragati Group (Pragati Warehousing, PISL, PMG Aggregators & Light Speed Energy).

SHUBHENDRA MITTAL

Promoter - Managing Director

A graduate from IIT Kharagpur with an excellent knowledge & 33+ years of expertise in Steel Fabrication, Infrastructure Development & Business Development coupled with excellent networking and communication skills. He has a natural flair for in depth technical analysis and technological innovation.

YASH MITTAL

Promoter - COO

A Graduate in Mechanical Engg. from BITS Pilani Dubai, focusing on deployment of new technologies for growth and development of EPC business.

ABHIMANYU RAO

Promoter - Director

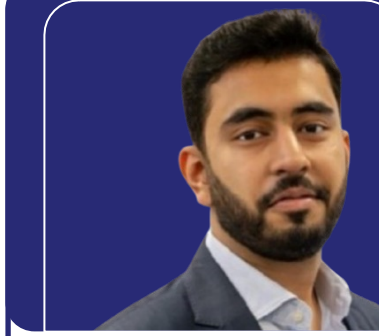

Drives business development through strong stakeholder engagement and cross-sector relationship-building.

Raghav Agarwal

Technology Strategic Initiatives

Bio-fuels, renewable energy || IIT Delhi, ex-BCG, FSG, SaaS product leader

Prakarsh Mittal

New Business Initiatives

Mech. Engg. from VIT with an MSc in Management from University College London. Focused on core operations, process improvement, and future business development.

K.J. RAWAL

Independent Director

A seasoned professional with 39+ years of experience in the EPC Industry. He joined Gannon Dunkerley & Co. Ltd. as a trainee engineer and rose to the ranks of Managing Director having executed large scale complex industrial projects Pan India.

January 30, 2026 | Goa, India | India Energy Week: In a significant boost to India's industrial infrastructure, AG&P Industrial (Atlantic, Gulf and Pacific Company of Manila, Incorporated), a wholly owned subsidiary of AG&P International Holdings Pte. Ltd., Singapore, and a global pioneer in modular construction and Modstruction™ technology since seven decades, has entered into a Memorandum of Understanding (MoU) with Pragati Infra Solutions Pvt. Ltd. (PISL), a leading Indian EPC and infrastructure development company renowned for its strong execution capabilities, for setting up of country's first advanced modular EPC and fabrication manufacturing facility in Andhra Pradesh.

This strategic partnership aims to create a long-term joint venture in India, focused on developing advanced fabrication yards, modular EPC (Engineering, Procurement, and Construction) infrastructure, and localized manufacturing for the oil & gas, LNG, and energy transition sectors.

This partnership leverages AG&P Industrial's 70+ years of global leadership in modular construction, advanced fabrication, and full-asset lifecycle EPFCIC (Engineering, Procurement, Fabrication, Construction, Installation, and Commissioning) services, alongside Pragati Infra Solutions' deep expertise and execution capabilities in industrial infrastructure, renewable energy, and large-scale project development across India.

The MoU was signed in the presence of Mr. Atul Gupta, Chairman and Managing Director-Designate, Engineers India Limited during India Energy Week 2026 – India's premier global energy platform.

AG&P Industrial and PISL will each hold a 50 percent stake in the proposed joint venture, which involves an investment of USD 100 million. The facility is expected to be completed by 2027.

Unmatched Joint Capabilities: Civil, Steel, & MEP

PISL – On-Ground Execution Backbone:

- Civil & infrastructure works (foundations, yards, heavy industrial buildings)
- MEP systems including utilities, electrical, piping supports, and integration
- Heavy structural steel fabrication, erection, and site installation
- Local regulatory approvals, project management, and execution scalability

AG&P Industrial – Advanced Modular Fabrication Expertise:

- High-precision modular fabrication for oil & gas, LNG, petrochemicals, and energy transition assets
- Process modules, pipe racks, skids, and equipment packages
- Global design standards, quality systems, and constructability optimization
- Factory-controlled manufacturing for safety, speed, and quality assurance

CIVIL & STRUCTURAL

STEEL FABRICATION

MEP & COMPLEX SYSTEMS

Adherence to Top-Tier Global Safety & Quality Standards for MNC Clients.
